

The Design and Analysis of Experiments DAE 2026

Call for Poster

The *Design and Analysis of Experiments* (DAE) Conference 2026 will be held at Rutgers University in Piscataway, New Jersey, on May 19-21, 2026. DAE 2026 marks the 13th event in the DAE conference series and is sponsored by the Department of Statistics at Rutgers University. A salient feature of the DAE series is pairing of senior and junior researchers for mentoring purposes and DAE 2026 will follow this tradition. The conference will feature: invited sessions, poster sessions, mentoring sessions, and a panel discussion. Please visit the conference website for more information about this event:

Abstract Submission for Poster Presentation:

You are cordially invited to submit an abstract for presenting a poster in the conference. Topics for posters are expected to cover a wide range of areas involving experimental design including online experimentation, clinical trials, causal inference, and surrogate modeling. Not limited to above topics, any researcher/student working on research projects related to the conference theme is encouraged to submit an abstract.

Please submit your title and abstract via the google form:

<https://forms.gle/Zuta8rVMXCjC2srEA>

Poster submissions will remain open until our venue reaches its maximum capacity.

Contact Information: For more information, please contact the conference organizers: Tirthankar Dasgupta (td370@stat.rutgers.edu) or Ying Hung (yhung@stat.rutgers.edu).
